

# World Bee Day

World Bee Day is on May 20th every year. This day is for bees and their importance. Bees help us by making honey. They also help plants grow. Plants need bees to make fruits and vegetables.

Many people do not know this. World Bee Day reminds us to protect bees. Without bees, we will have less food. Bees face many dangers. Pesticides and pollution are bad for them. Loss of habitat also hurts bees.

We can help bees in simple ways. Plant flowers in your garden. Do not use harmful sprays. Learn about bees and tell others. Every small action helps bees stay safe. Celebrate World Bee Day and help protect our bees.
