

## Two Friends Ordering Food at the Restaurant

Anna and Mark went into a small restaurant. They sat down at a cozy table. A friendly waiter came to their table. The waiter gave them the menu with a smile. Anna looked at the menu carefully. She wanted to eat something delicious. Mark pointed at a picture of a burger. He said, "I will have this one, please." Anna smiled and said, "I want a salad." The waiter wrote their order and nodded. "Would you like anything to drink?" asked the waiter. Anna replied, "I would like a lemonade." Mark said, "I will have a cola." The waiter thanked them and went to the kitchen. They waited and talked about their day. Soon, the waiter brought their food. The burger looked delicious and big. Anna's salad looked fresh and healthy. They thanked the waiter again. They ate and enjoyed their meal very much. After finishing, they asked for the bill. The waiter brought it quickly, and they paid happily. Then, they left the restaurant with a smile.

Text

121/1000

It is clear that play games the most is people under the age of eighteen. And the percentage of male players is larger than that of female players. We also can see the action games take up a majority portion of the total of game. The first chart shows the ages of players. There are 39% players are under 18, and the percentage of players that between 18 to 36 year old is slightly smaller than that under 18. The number of players who over 36 years old are the least of all payers in Korea. And the second chart compares the gender of players. The number of male players is almost three times as much as that of female players.
